PROFESSIONAL SUMMARY

Data Analyst passionate about leveraging data and AI for inclusive development. Skilled in Python, SQL, and Power BI with a strong foundation in analytics, reporting, and visual storytelling. Experienced in building scalable solutions to support real-time decision-making, stakeholder engagement, and data-driven impact.

EXPERIENCE

Analyst | 637 Capital, Kenya | Jan 2024 – Present

- Developed and maintained Power BI dashboards to monitor key financial KPIs.
- Built pricing and revenue forecast models to support strategic planning.
- Translated complex data into insights for directors, aiding decision-making through clear dashboards, trend analyses, and actionable recommendations.

Finance Intern | DTB, Uganda | Jan 2023 - Apr 2023

- Processed payments, resolved invoice discrepancies, and collaborated with procurement using Microsoft Dynamics 365.
- Utilized Advanced Excel for financial reporting and analysis.

EDUCATION

Bachelor of Commerce, Finance (Second-class Honors Upper) | Strathmore University, Nairobi | Apr 2020 - Jun 2024

- Dean's List from 2020-2024, Finance Manager of the Strathmore French Club, and member of the Strathmore Fair Trade Club
- Conducted extensive research on fintech adoption and market perspectives in Kenya, analyzing emerging trends and their implications for financial inclusion.

PROJECTS

Aviation Accident Project: https://github.com/Tintin-dataObsessed/Aviation_Accident_Project/tree/main

- Analyzed over 60 years of aviation accident data to identify the safest aircraft models using SQL, Pandas, and Seaborn; delivered insights through a Tableau dashboard to support investment decisions in low-risk aircraft.
- Cleaned and prepared real-world aviation datasets, handling missing values, duplicates, and inconsistent text formatting; performed statistical analysis and created visualizations to highlight injury patterns across aircraft categories.

TECHNICAL SKILLS

- **Languages/Tools:** Python (Pandas, NumPy, Seaborn, Scikit-learn), SQL (MySQL, SQLite), Power BI (DAX, M Code), Tableau, VBA, Git
- **Systems:** Microsoft Dynamics 365, Advanced Excel, Power Query
- **Analytics:** Statistical Analysis, Predictive Modeling, Data Cleaning & Visualization

SOFT & INTERPERSONAL SKILLS

- **Project Management:** Skilled in teamwork, time management, problem-solving, and presentation skills. Proficient in Microsoft Word and PowerPoint.
- **Communication & Leadership:** Excellent verbal and written communication, proactive and innovative, with experience in cross-functional coordination.

CERTIFICATIONS & TRAINING

- **Certificate of Data Science in Python** - @iLab Africa | Apr 2022 - Aug 2022
- **Fundamentals of Quantitative Modeling** - University of Pennsylvania | Jan 2024 – Feb 2024
- **Moringa School** - Data Analytics | Nov 2024 – Aug 2025
